

Corporate Partnership Opportunities

Corporate Partnerships

Here at Catalyst we are passionate about enthusing and inspiring young scientists of tomorrow.

As a charitable trust, Catalyst can only achieve its aims with valued support from partnerships with local, national and international businesses.

Why support Catalyst?

Joining our Corporate Partnership scheme will allow your company and its employees to receive a range of benefits while helping to provide an exciting programme of events for families and schools, develop our exhibitions and galleries for all our visitors and preserve our archive collection!

Becoming a Corporate Partner is much more than having your name on our website. Our packages give you the opportunity to deliver your corporate responsibility strategy whilst supporting the local community and the education of young people.

There are many and varied ways in which your company can support the work we do here at Catalyst and our partnership scheme offers different levels of membership with benefits lasting for the duration of your support.

Catalyst is supported by

"Our support of Catalyst has extended over 15 years and one of the main reasons is the links Catalyst has with education and its core aim to encourage young people across the region to consider a career in science."

Chris Tane, CEO INEOS ChlorVinyls

"Catalyst help us enormously to deliver the message to children that the Chemical Industry is of vital importance to the future of Britain as a manufacturing nation and an industry with a vibrant future; an essential industry for the well being of mankind and an exciting industry to work in."

Andrew Ritchie, Managing Director Total Petrochemicals UK Ltd

** Subject to availability during term time, excluding catering*

Sponsorship

There's always something exciting happening at Catalyst. We are constantly researching, developing and updating our exhibits or preparing and delivering a family show or an education workshop.

The above partnership levels can be tailored to meet your individual requirements and could include developing an exhibit or educational film to showcase your company:

£7,000 would fund the filming and development of two new career profiles in our World of Opportunities gallery

£5,000 - £20,000 would fund the development of a new interactive exhibit in our galleries

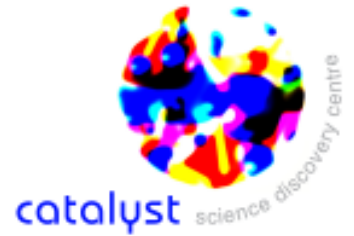

£50,000 would fund the filming and development of a 3D interactive film to be shown to school pupils and the general public in our theatre.

We understand that committing large amounts of money to Catalyst is a major decision for any organisation and we work hard to ensure that your company's support is appropriately acknowledged in print, online and on-site.

To find out more about supporting Catalyst please telephone Stephen Youd-Thomas, Director on **0151 420 1121** or email **stephen@catalyst.org.uk**
