## 'Brightest Scientist' Jessica visits Catalyst!

Lucky pupils from Brookside Primary School, Ellesmere Port were treated to a free visit to Catalyst after one of their classmates was crowned 'Brightest Scientist' during the school's Science Week.

Over the week long event a number of Education Guides from Connah's Quay Power Station helped out with activities and workshops and awarded the prestigious title of 'Brightest Scientist' to year 2 pupil Jessica Quinn.

Catalyst Science Discovery Centre and e.on UK joined forces to provide the free visit to Catalyst for Jessica and her classmates where they took part in the Recycle Fun workshop and watched a film in the interactive theatre.

Tracey Hill, from the Operational Excellence Team at Connah's Quay said "It has been an absolute pleasure to support Brookside Primary School during their Science Week, promoting efforts to stimulate an interest in STEM programmes. The enthusiasm and inquisitive nature demonstrated from the children was astounding".

Meryl Jameson, Marketing Officer at Catalyst said "Catalyst was thrilled to welcome Jessica and her class, they had a great time learning about recycling. This has been a great opportunity for us to join with e.on to support the continued promotion of science to young people."

You can find out more about Catalyst by visiting the website at [www.catalyst.org.uk](http://www.catalyst.org.uk)
