

Job Description	<b>Weekend Science Presenter</b>
Responsible to	<b>Education Manager</b>
Responsible for	<b>Delivery of weekend science workshops and shows</b>
Liaises with	<b>Front of House and Education Assistant</b>

Catalyst Science Discovery Centre is looking to appoint a dynamic, enthusiastic Science Presenter to deliver interactive shows and hands-on workshops to families and groups visiting the centre at the weekends. The role will involve performing demonstrations to the public and enthusing everyone about science.

### **SPECIFIC TASKS**

- To deliver hands-on workshops and interactive shows to the general public and to pre-booked groups
- Work at Catalyst one weekend (both Saturday and Sunday) in three, although occasional cover may be required to cover special events and holidays.
- To work flexible hours where required, including some early starts for pre-booked groups
- To professionally represent Catalyst and promote its aims and objectives at all times.

### **The successful candidate must have**

- Excellent communication and presentation skills
- A passion for science
- The ability to work with people of all ages
- A confident and fun personality with bags of energy
- The ability to work on own initiative and as part of a team

Full training will be given. The position would suit a Further Education or University student – especially if considering a career in teaching.

On appointment you will need to apply for a DBS check as you will be working with children and their families.

**To apply**

Send a CV and a covering letter to Lucinda Lewis, Education Manager, Catalyst Science Discovery Centre, Mersey Road, Widnes, Cheshire WA8 0DF or email to [lucinda@catalyst.org.uk](mailto:lucinda@catalyst.org.uk)

**Remuneration**

Hourly rate – national minimum wage
