

CHEMICAL INDUSTRY WORKERS

Did you work for ICI,
Castners, Pilkingtons, or
Rocksavage?

Do you have memories of
working in the chemical
industry in Widnes,
Runcorn or Northwich?

If so, we would like to hear your story!

Catalyst Science Discovery Centre & Museum
have been awarded a grant from the National
Lottery Heritage Fund to update their heritage
exhibitions.

We are exploring what should be included in
the new displays and recording stories from
local people who worked in the chemical
industry.

Join us for our
Memories and Memorabilia
events

Chat about your memories of work - bring along
photos and other items that remind you of your
working life and experiences.

WE WANT
YOUR
STORIES

Saturday 13th May 2023 1-4pm

Hazlehurst Studios, High Street,
Runcorn, Cheshire, WA7 1AH

Saturday 27th May 2023
1-4pm
