11:00am	Visit to the Catalyst gift shop, collect belongings and gather in reception ready for departure

Groups sleep over in the 4th floor, glass-walled Observatory gallery and leaders can either bring a pop up tent to erect in the Observatory or can borrow screens to section off some room to sleep behind. If you have lots of leaders, then we can offer two conference rooms on the floor below for them to sleep in, however, we do request that at least one leader remains with the group in the Observatory overnight.

Please note: We respectfully request that leaders do not consume alcohol while supervising a sleepover.

A member of Catalyst staff is on site at all times and the science show and the workshop in the morning are taught by one of our education team.
